HARRISON'S SNUB!

To the Grangers by the Appointment of Secretary Rusk Will be Resented by Them at Their Convention.

WASHINGTON, Oct. 7.—The twenty-third session of the National Grange, which will be held in Sacremento, Cal., on November 13, promises to be the most important meeting the Patrons of Husbandry have held for years. Mr. John Trimble, the secretary of the grange, who lives in Washington, thinks the grangers were snubbed when President Harrison appointed Governor Rusk secretary of agriculture.

In an interview published in the *Post* to-day on the attitude of the administration toward the grange, Mr. Trimble says:

"We do not hesitate to say that the administration has ignored the rights of the farmer and has done the farming community gross injustice in placing a politician, who never was a farmer, at the head of the department of agriculture. That department was made a cabinet office principally through the efforts of the grangers, and when the new administration came in power, we felt we had a right to suggest the name of the proper person to fill it. Col. J. H. Bringham, our master; Ex-Governor Roby, of Maine, and Hon. J. J. Woodman, of Michigan, were suggested by the order and their appointment urged.

"President Harrison deliberately ignored the entire order—snubbed it in fact. Formerly it was a rule that members should not participate in politics at all. There is where we made a great mistake. Had we boldly entered politics, as an organization, or thrown our votes for those who favored the granging interests all could have secured representations in the state legislatures and in congress, who would have been of material help to us in securing favorable legislation.

"We have seen the error of our ways and have repented, and now it is impliedly pre-requisite that a member shall put aside his political faith when the interests of the grange demand it. We do not seek to run separate candidates, but between the two great parties our members are obliged to vote for the candidate who favors the granging interests, whether he belongs to the same political party or not."

CHALMERS WITHDRAWS.

JACKSON, Miss., Oct. 17.—General Chalmers has written a letter to the republican state committee withdrawing from the candidacy for the governorship on the ground that the white people are putting obstacles in the way of his canvass. He claims that he is refused the use of halls and buildings. Judge Frazee, candidate for the attorney generalship, also withdraws.

THE FIRE RECORD.

Destructive Prairie Fires in Iowa—The Flames Elsewhere.

MASON CITY, Ia., Oct. 7.—A terrible devasting prairie fire swept down upon Estherville yesterday. By heroic exertions the town was saved, but a number of farm residences together with grain, hay, etc., was destroyed. Swan Lake was partly burned, four buildings with contents being consumed.

DES MOINES, Iowa, Oct. 7.—Destructive prairie fires in Pala Alta county have been raging for a day or two, but are now under control. The loss will exceed $20,000. Mrs. Gaarde was so badly burned Saturday night that she will die. Others were severely blistered fighting the flames.

DES MOINES, Ia., Oct. 7.—Fire last night destroyed the lumber yard of J. H. Queal & Co., entailing a loss of $20,000. The fire was probably incendiary.

BULKLEY, Ill., Oct. 7.—A fire here at 5 o'clock yesterday morning completely destroyed four buildings—Marsh's store, O. W. Danielson's jewelry store, Dr. Nagle's office and W. H. Clanes' harness shop, and injured several others.

UNTRUE TO HER VOWS.

A Toledo Man Shoots His Wife in a Hotel at Wolcottville, Ind., and Then Kills Himself.

LAGRANGE, Ind., Oct. 7.—Wolcottville, this county, was the scene of an attempt at a murder and suicide Saturday night. Mrs. Warren keeps a hotel of more or less unsavory reputation. On Friday she returned from Toledo bringing with her Mrs. Driscoll, who was installed as a dining room girl, and with them came an unknown man.

Saturday night Mr. Driscoll arrived and an attempt to induce his wife to return to their home led to a quarrel, during which, it is alleged, he shot her and then put a ball through his own brain. He will die, but she will recover.

Another version states that Driscoll was shot by a man named Baker, who skipped yesterday. The prosecuting attorney is making his investigation to-day.

A NEW FOUNDRY.

Messrs. Foster and Randall Approached on a Subject of Great Public Interest.

Messrs. D. N. Foster and P. A. Randall, who recently purchased of Mr. Christian Schafer, the land lying north of the extension of East Columbia street, have been approached by parties who are desirous of locating a large foundry in this city. It is probable that negotiations will be opened soon for the establishment of such an industry on the property belonging to these gentlemen. It is however yet indefinite.

MUST ENDURE PAIN.

Fractures, Lacerations, and Crushed Limbs Come Upon the Unsuspecting.

Accidents seem sometimes to go in bunches. They went that way to-day, as will be seen by the following list:

William Burton, a young brakeman on the Nickel Plate, met with an accident Saturday and was taken to Valparaiso where Dr. Loring, a company surgeon, amputated the member. The young man will be brought to the St. Joe hospital in this city.

LACERATED ARM AND FRACTURED FOOT.

Mr. Matt Beckes, overseer in the Pittsburg boiler shop, met with a serious accident this morning. While at work a heavy piece of boiler iron fell and in its course struck his left arm, tearing the flesh open in a horrible manner for about ten inches, and falling upon the left foot, fractured the bones of that member. At the time of the accident Mr. Beckes had his right arm bandaged for a severed vein, the result of a recent accident. His misfortune is to be much regretted.

FRACTURED ARM AND COLLAR BONE.

APPROACHING COMPLETION.

The Handsome New Edifice of the Second Presbyterian Church.

The new church edifice of the Second Presbyterian congregation is rapidly approaching completion and will be so far finished that services can be held in the chapel some time next month. The main or audience room will not be completed until after the congregation are worshiping in the chapel, but the work on it will be pushed as rapidly as possible.

The structure will be one of the handsomest in the city. It stands on the site of the old frame structure where Rev. Charles Beecher, one of its earliest pastors, preached and in which the voice of that greatest of pulpit orators, Rev. Henry Ward Beecher, has often been heard.

It is built of stone, the style ornate, and has two handsome spires and beautifully carved freizes and capituls. The plan of the church provides for a magnificent auditorium with inclined floor and seats for 600 people and abundant room in the rear for rooms for the Sunday schools, social gatherings, kitchens, etc. In the principal tower the pastor will have a pleasant study. The church will cost about $30,000.

A SUNDAY DRUNK.

Mayor Harding Says It Will Cost a Man or Woman Five Dollars, and Costs.

There was quite an aggregation of blear-eyed, insipid, unshaven mortals at police court this morning. When Mayor Harding was told that the majority of the number were arrested for imbibing too freely from the flowing bowl on Sunday, he surveyed the crowd with a look of disgust and said he could not understand it.

"Do you know," said he to THE SENTINEL reporter, "that I made a detour of a large number of saloons yesterday to satisfy myself as to the Sunday observance; and I failed in every instance to discover a single place open. The officers failed also to discover any open saloons. This thing must be worked mighty quiet."

The mayor also said that every case of Sunday intoxication would hereafter cost $5 and costs.

The roll of honor was then called up against the following persons:

Enoch Joslyn, drunk; arrested by Officer Harkenrider, on Maiden Lane, on Sunday—jail.

John Welch, a workman on a Nickel Plate gravel train, Sunday drunk; arrested by Harkenrider—jail.

Thomas Howard, arrested by Harkenrider, another Sunday victim—jail.

William Franz and another for fast driving, on Saturday night, arrested by Kramer and Richter; fined $1 and costs—paid.

Marion Davison, arrested by Patton, for drunkenness, Sunday, paid his fine.

Joseph McGeehan was at Ryan's barn raising a disturbance and was arrested by Limecooley Saturday night. Joseph's face was a sorry spectacle. He went to the jail hospital and will spend his time in getting well.

James Kelly was drunk on Sunday, and was arrested by Patton. He went to jail.

J. F. Godfrey was arrested in the street car barn by Kramer and Richter. Godfrey is a thoroughbred and has the pure, unadulterated Pawnee Indian blood coursing through his veins. The firewater "did" him, however, and he will sober up at the county jail.

SUBSTANTIAL AND COSTLY.

A Few Facts Gathered Concerning the Handsome New Columbia Street Bridge.

The filling in of the extensions of Columbia and Clay streets is about two-thirds done. The west abutment of the new bridge will probably be completed this week and the east abutment the week following. Before the 1st of November, if the weather remains favorable the abutments will be ready for the bridge proper, which the contractors promise to finish within sixty days from the commencement of their work. By New Years day the county commissioners hope to open the new bridge for travel. It will be the finest and most expensive in the county and is expected to last seventy-five or eighty years. The abutments are being constructed in so durable a manner that they will stand at least 500 years, if properly cared for.

The Bates house is the most finely equipped hotel in Indiana. The loss is already very great. Two hundred guests are escaping through windows on ladders, piling trunks and clothing out in the wildest confusion.

MONDAY, OCT. 7, 1889.

THE Mormons are determined to stand by their faith.

MONTANA is all right. The democrats have the governor and the legislature.

THE elections in France yesterday sounded General Boulanger's death knell.

THE tri-ennial conclave of the Knights Templar will be the event at Washington this week.

SIR JULIAN PAUNCEFOTE, the British minister to the United States, is on his way back to this country.

MR. GEORGE BANCROFT, the historian, celebrated his eighty-ninth birthday at New Port, Rhode Island, last Thursday.

NEW YORK may take the championship in the base ball arena, but she can't get the world's fair. It is coming west and Chicago is going to get it.

THE last number of the *Business Men's Guide*, issued by Mr. Clarence G. Smith, of the Newspaper Union, contained a large amount of local news and was a credit to its publisher.

THE telegrams to-day place the victory for the democrats in Montana beyond the shadow of a question. Toole, democrat, is elected governor and the democrats have a majority of seven in the legislature.

MR. JAMES E. CAMPBELL, the democratic candidate for governor of Ohio, and Murat Halstead, the editor of the Cincinnati *Commercial Gazette*, are having a bitter personal war. Mr. Campbell is unearthing some frauds in Ohio politics that is stirring up the natives.

ATTORNEY GENERAL MILLER is amused at the stories the newspapers tell about him in connection with the vacancy on the United States supreme bench. Mr. Miller used to express a similar feeling concerning the newspaper talk regarding his appointment as attorney general.

THE European grain crops have not turned out satisfactorily this year, and the United States will be looked to to make up the deficency. This is confirmed by reports from the international grain market at Vienna, which meets every year for the purpose of furnishing reliable and disinterested reports of grain crops of the year. The average wheat crop of Europe annually from 1881 to 1886 is 1,211,072,192 bushels. In 1888 the crop amounted to 1,230,370,925 bushels. This year is estimated to be about 15 per cent. less. The average in wheat for all Europe is 81 this year, compared to 93 in 1888 and 110 in 1887.

THE Veterans' Association of Ministers of the Genessee Methodist conference, composed of about fifty persons, held its annual meeting at Lockport, New York, last week, and adopted the following resolution:

Resolved, That we have heard with sincere regret of the resignation as commissioner of pensions of Corporal James Tanner, forced from him by the influence of politicians, and that we deprecate the subordination of the pension department to political wire-pullers, so that it can not be administered by a man who, like Corporal Tanner, has the true interest of the soldier at heart; and we call upon the president of the United States to place the granting of pensions in the hands of those who will administer it in the interests of the country and to bestow upon Corporal Tanner such recognition as befits a man who in every position has shown himself a true friend of the soldier.

THE conversion and baptism of the Ethiopian eunuch by Philip, as narrated in Acts, furnished the theme of the sermon preached yesterday morning at the Second Presbyterian church services by the pastor, Rev. J. L. Leeper. The discourse was an able and eloquent one and from the biblical incident the speaker drew the lessons he sought to teach, the methods to be used for the conviction and the conversion of those who do not believe in Christ. Incidentally he alluded to baptism and spoke briefly upon it. The form of baptism, he said, is of no consequence. It may be by sprinkling or immersion. Either is effective. The essential feature is the belief that Jesus Christ is the son of God and the baptism of the Holy Ghost, and with whatever form this may be accompanied it is a redeeming and a saving ordinance.

MANY of the religious denominations of the country often wonder how the Methodist Episcopal church stands up under its itineracy with regard to pastors. The change comes, however, and except in isolated cases nothing is thought of it. Milwaukee has a revolt on its hands at present. At the recent conference Bishop Newman removed Rev. E. G. Updike, the pastor of the Summerfield charge, and appointed another minister to it. The official board and the five societies within the church unanimously petitioned for Mr. Updike's return, but all to no purpose. The church refuses to allow the new pastor to take hold, and have concluded, unless its wishes are respected, to retire from the conference entirely and establish an independent church. Mr. Updike is willing to obey the bishop, but is being prevailed upon to lead the new branch, and the effort may be successful.

BASE BALL.

The League Contest Closes With a Victory for New York.

The league race ended Saturday and the New Yorks are again the champions. The contest has been an interesting one and the lovers of base ball in this city, and there are many of them, have watched it eagerly. Some of them lost money on the result. The standing of the clubs in the National league when the contest closed Saturday was as follows:

	WON.	LOST.	PER CENT.
New York	83	43	.658
Boston	83	45	.648
Chicago	67	65	.507
Philadelphia	63	64	.496
Pittsburg	61	71	.462
Cleveland	61	72	.458
Indianapolis	59	75	.440
Washington	41	84	.330

C. L. Drummond was Fort Wayne's base ball editor. He has taken a lively interest in the league contest and now finds his occupation gone, but "Sandy" is one of the best compositors in the city and will continue to hold cases in THE SENTINEL office.

The result of the games played Saturday was as follows:

National league—Cleveland 3, New York 5; Indianapolis 15, Washington 6; Chicago 3, Philadelphia 2; Pittsburg 6, Boston, 1.

American association—Baltimore 11, Columbus 10; Cincinnati 8, Louisville 1; Brooklyn, 2; Athletics, 10; St. Louis, 7, Kansas City, 2.

The standing of the clubs in the American association up to date is as follows:

	WON.	LOST.
Brooklyn	87	42

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

A correspondent at Latty says: "On Saturday night, September 21, William Murphy, aged about twenty years, whose home is in New York City, was cut in a horrible manner by Michael Whalen, of Fostoria. Both were working on the Nickel Plate railroad at that place with a large gang of men who were raising the track. During the evening all got drunk and Whalen and one of the other men became involved in a quarrel and finally a fight. Murphy was in bed at the time and got up to part them when Whalen stabbed him three times—once between the ribs on the right side and twice in the abdomen. Whalen ran out, boarded a freight train and escaped. The young man was taken to Fort Wayne for surgical aid but it is thought he can not recover." The young man is under the care of Dr. J. M. Dinnen, of the St. Joe hospital and he will recover.

Shall Women be Allowed to Vote?

The question of female suffrage has agitated the tongues and pens of reformers for many years, and good arguments have been adduced for and against it. Many of the softer sex could vote intelligently, and many would vote as their husbands did, and give no thought to the merits of a political issue. They would all vote for Dr. Pierce's Favorite Prescription, for they know it is a boon to their sex. It is unequaled for the cure of leucorrhea, abnormal discharges, morning sickness, and the countless ills to which women are subject. It is the only remedy for woman's peculiar weaknesses and ailments, sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be refunded. See guarantee on wrapper around bottle.

Remember that impertinence isn't wit any more than insolence is brilliancy.

George B. French, esq., of Nashua, N. H., in an argument before the New Hampshire legislatuze July 16, 1889, uses the following words: "When the common people can not find Pond's Extract, which they run for in distress, on sale at some convenient place, just as they have done, there will be a howl go up that the regular school can not cure with their instruments or thorough courses. When a man has a raging pain in his tooth, joints, or face, when he is tied into a double bow-knot with a cramp in his stomach, he can not stop to go to a physician five miles off and take a thorough course. He is going to have something in his medicine closet that he can get at without any written prescription, with a good seal on it."

He who waits to do a great good at once will seldom do anything at all.

Swift's Specific has cured me of a malignant breaking out on my leg, which caused intolerable pain. It was called Eczema by the doctors—four of whom treated me with no relief. I can confess that I owe my present good health to S. S. S., which in my estimation is invaluable as a blood remedy.

You should read THE CHICAGO DAILY NEWS because it's a *family newspaper*. This is an age when everybody reads, and the paper you bring into your family should have something of value for all. The special interests of women are not overlooked in THE DAILY NEWS. And then you don't want to bring questionable reading matter into your family. You don't want to put indecent or immoral reading into the hands of your children. You will never make a mistake on this score if you take home THE DAILY NEWS. The newspapers are the great educators of this nation. The strength of the nation lies in the purity of its firesides.

THE BUSY WORLD.

Monday Dawns With a Dull Budget of News From the Railroads and Manufactories.

The Bass works pay their employes next Thursday.

The railroad depots were dull places for news this morning.

The Kerr Murray works is placing a gas plant at Grand Forks, Dak.

The Natural Gas company is pushing its work in various parts of the city.

The manufactories of the city are shaping their affairs for the winter season.

The Bass works sent four car loads of car wheels to the Nickel Plate shops at Stony Island last Saturday.

Ed Deagen, of the Wabash blacksmith shops, has a kind of a menagerie. He is the owner of five dogs and thirteen cats.

R. Swab, a Pittsburg brakeman, fell from his train at Arcola Saturday and was quite badly injured. He was brought to this city.

Mart Rowen, a Pittsburg brakeman, had his arm badly crushed Saturday night while making a coupling. Surgeon George Stemen attended him.

Master Car Builder James A. Graham, of the Pittsburg shops, can give employment to a number of good men in the lumber yards of the company at this point.

Al Miller, of the Bass works, observed his twentieth birthday yesterday and the occasion proved a pleasant one to his friends whom he invited to his home and entertained in a magnificent way.

The pay-rolls of the Pennsylvania lines west of Pittsburg show that $1,500,000 is disbursed monthly by the paymasters of the North and Southwestern systems. The amount to each system is about the same.

The New York Central now has in service ten new engines, which are scheduled to pull fifteen passenger cars forty miles an hour. These engines have 20x24-inch cylinders and five-feet-nine-inch driving wheels.

The Lake Shore railway, besides building a handsome new depot on the North side will greatly enlarge and improve their freight depot and will put down new sidetracks. Fort Wayne is one of the very best stations for freight and passenger business on the Lake Shore system.

The *Railroad Gazette*, in its last issue publishes cuts of the ten-thousandth engine turned out at the Baldwin locomotive works. Very appropriately, it is one of the heaviest consolidated engines, weighing seventy-five tons without the tender. The weight on the driving wheels is 135,000 pounds.

Forty thousand tons of steel rails have been sold or contracted for by the various railroad companies of the country this week, and there are inquiries for several 5,000 to 10,000 ton lots which will be booked next week, at $29 in east, to $32.50 in Chicago mills. Most of these inquiries are from western and southwestern buyers and brokers, and makers say that correspondence from these sections indicates a heavy demand during the rest of the year for winter work and spring delivery.

The railroad building of 1889 will be less than it has been since 1885. In 1879 the income of mileage was 4,746 miles. In no year since has it fallen below 6,700 miles except in 1884, when it was 3,225 miles, and 1885, when it was 3,608 miles. The southern states maintain their lead in the proportional amount of new construction. Their proportion is now 45 per cent. The characteristice feature of this year's building is the short lengths by the many companies. The whole new mileage has been built by 103 different companies, giving an average of fourteen miles to each, but one company has built over 100 miles.

THE TEMPLAR CONCLAVE.

Where the Indiana Commanderies Will Stay—Entries for the Competitive Drill.

The commanderies to the conclave at Washington have selected quarters. The Indiana Grand Commandery will be at the Dunbarton. The various Indiana commanderies have selected quarters as follows: Raper, No. 1, Indianapolis, at the National hotel; Baldwin, No. 2, Shelbyville, in private dwellings; Fort Wayne, No. 4, at No. 1,404 H street; New Albany, No. 5, at Haffner's, No. 919 G street, Lafayette, in cars of Pennsylvania railroad; Knightstown, No. 9, at the Howard house; South Bend, No. 13, at Hood's, No. 313 Third street; Columbus, No. 15, in cars of Pennsylvania railroad; Terre Haute, No. 16, at the Dunbarton, No. 624 Pennsylvania avenue; Vincennes, No. 24, at the Raville, No. 920 Fourteenth street; St. John's, No. 24, Logansport, at the Hillman House, No. 226 North Capital street; Crawfordsville, No. 25, in sleeping cars; Franklin, No. 23, and Plymouth, No. 26, at Janney's, No. 609 E street; Valparaiso, No. 28, at the Hotel Fredonia, H street, between Thirteenth and Fourteenth; Michigan City, No. 30, at Morgan's, No. 933 D street; Elkhart, No. 31, at Wood's, No. 924 Fourteenth street. On Wednesday night there will be a bicycle lantern parade in honor of the visitors. A thousand wheelmen will be in line. At a cabinet meeting it was decided to close all the government departments at 12 o'clock on Tuesday, the day of the Knights Templars' parade.

It Won't Bake Bread.—In other words, Hood's Sarsaparilla will not do impossibilities. Its proprietors tell plainly what it has done, submit proofs from sources of unquestioned reliability, and ask you frankly if you are suffering from any disease or affection caused or promoted by impure blood or low state of the system, to try Hood's Sarsaparilla. The experience of others is sufficient assurance that you will not be disappointed in the result.

Gratitude is the music of the heart when the chords are removed by kindness.

News About Town.

It is the current report about town that Kemp's Balsam for the Throat and and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle *free of cost.* It is guaranteed to relieve and cure. The large bottles are 50c and $1.

Fortunes are made by taking opportunities; character is made by making them.

A Stitch in Time Saves Nine is true of old coats and mouths. When the former shows the first defect take a "stitch," and always keep the mouth right by using SOZODONT. It costs less for a new coat than a set of teeth. False teeth are not as pleasant as natural ones.

Don't indulge in the luxury of strong opinions in the presence of your elders.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. Loose Red Clover Co., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

HENRY MARVIN.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

We have a large stock of Plush Albums of different shades and sizes ranging from 50c to $3.50. Fancy Silk Plush Velvet Toilet sets, 75c to $2.00. Large Wax Dolls and China Dolls in all sizes from 5c up to 70c. Fancy Tea Sets for children, Boy's Drums, Guns and Pistols, Balls, A. B. C. Blocks, Horses, Carts, Lions, Elephants, Tigers, Dogs and Cats, Jumping Jacks, Music Boxes and a thousand other things for Christmas and New Years, and

CHRISTMAS TREE CANDLES

We have an immense supply and this year at extremly low prices, 15c a Box.

AND IN OUR TEA, COFFEE AND SUGAR DEPARTMENT

Our increase in them is very great since removing to the new place. The high price of Coffee is inducing a good many to use Teas, as there has been no advance in them, in fact Teas are lower now than they have ever been in the history of the trade, a good Tea can now be bought for 20c per pound, this is the same price as a pound of Rio Coffee and it will go twice as far. Our very best Tea is 50c per pound, just the same goods that sold a few years ago at $1.00 per pound. We also have a common Japan Tea as low as 10c per pound, this we sell little of, our best goods are so cheap that most of the trade prefer the best.

Young Hyson Tea 20c lb, choice 30c and 40c lb, best 50c lb.
Gun powder Tea, very choice, 30c lb, best 50c lb.
Oolong or Black Tea, 20c lb, 30c lb, best 50c lb.
Imperial Tea, choice 30c lb, very best 50c lb
Japan Tea, common 10c lb, choice 30c lb, best 50c lb.

The 30c Japan Tea can not be beat. In fact, it will make as good a draw as the 50c, and few can tell the difference. It is sweet, high flavored and a rich drawing Tea. It is a lot of 50 chests we purchased of a New York house in closing out at half the usual price. No charge for trying it. You will try two pounds in place of one when you once see it.

THE SUGAR MARKET

in consequence of the movements of the sugar trust, sugar has been subject to severe fluctuations and the rises in 90 days was equal to 40 per cent, but in the last 30 days the tendendcy has been downward, and we have reduced all goods 1c lb, from the highest point we quote now:

Crushed and Powdered, 9c lb. Cut Loaf and Granulated, 9c lb.
Standard Coffee A., 8½c lb. Choice Yellow Extra C., 7½c lb.

COFFEE, RIO AND JAVA.

The same influences that governed the sugar market has also controlled the coffee—viz—a coffee trust—and the price has been advanced and maintained the last year, in the face of a large crop and abundant supplies. There is now a prospect of a declining market. We are still selling our coffee's 1c below the market prices:

Choice Green Rio, 20c lb; Best Old Government Java, 25c lb; Choice Roasted Rio, 23c lb; Best Roasted Package Sampson Brand, 24c lb; Jersey Coffee, Roasted in Packages, 24c lb; Leverings Coffee, Roasted in Packages, 24c.

CALIFORNIA FRUITS CANNED AND DRIED.

California Dried Apricots, 20c lb; California Peeled Peaches, 25c lb; California Nectaries, 20c lb; California Unpealed Peaches, 9c lb; California Silver Prunes, 15c lb; California Pitted Plums, 16c lb; California Canned Peaches, Extra Crawfords, 25c can; California Apricots, can, 20c; California Bartlett Pears, 25c can; California Green Gages, 22c can; California Egg Plums, 20c can; California White Cherries, 28c can.

FOR CHRISTMAS CAKE—Foreign and Domestic Dried Fruits.

New Valencia Raisins, 10c lb; Muscatel Raisins, 12c lb; Sultana Seedless Rasins, 10c lb; Zantee Currants, nice new and fresh, 8c lb; Leghorn Citron, 25c lb: Orange and Lemon Peel, 15c lb; Shelled Almonds, 35c lb: Good Figs, 8c lb; Best Figs, 12c lb; Dried Raspberries, 28c lb; Pitted cherries, 20c lb; Dried Blackberries, 10c lb; Dried Peaches, 8c lb; Dried Apples, 7c lb; Evaporated Apples, 9c; German Pears, 10c lb; Turkish prunes, 5c.

The increasing popularity of the lorgnette during the last twelve-month is largely due to the fashion of tight lacing in which the ladies have indulged. To raise the arm to the level of the eye, as one must do in using an opera-glass, is very painful, and attended with danger as well, if a lady is laced to the furthest extreme and wears a dress much tighter fitting than the skin. But the long handle of the lorgnette enables her to use it with very little motion of the arm; hence it supersedes the opera-glass at theatres.

HARRISON'S SNUB!

To the Grangers by the Appointment of Secretary Rusk Will be Resented by Them at Their Convention.

WASHINGTON, Oct. 7.—The twenty-third session of the National Grange, which will be held in Sacramento, Cal., on November 18, promises to be the most important meeting the Patrons of Husbandry have held for years. Mr. John Trimble, the secretary of the grange, who lives in Washington, thinks the grangers were snubbed when President Harrison appointed Governor Rusk secretary of agriculture.

In an interview published in the *Post* to-day on the attitude of the administration toward the grange, Mr. Trimble says:

"We do not hesitate to say that the administration has ignored the rights of the farmer and has done the farming community gross injustice in placing a politician, who never was a farmer, at the head of the department of agriculture. That department was made a cabinet office principally through the efforts of the grangers, and when the new administration came in power, we felt we had a right to suggest the name of the proper person to fill it. Col. J. H. Bringham, our master; Ex-Governor Roby, of Maine, and Hon. J. J. Woodman, of Michigan, were suggested by the order and their appointment urged.

"President Harrison deliberately ignored the entire order—snubbed it in fact. Formerly it was a rule that members should not participate in politics at all. There is where we made a great mistake. Had we boldly entered politics, as an organization, or thrown our votes for those who favored, the granging interests all could have secured representations in the state legislatures and in congress, who would have been of material help to us in securing favorable legislation.

"We have seen the error of our ways and have repented, and now it is impliedly pre-requisite that a member shall put aside his political faith when the interests of the grange demand it. We do not seek to run separate candidates, but between the two great parties our members are obliged to vote for the candidate who favors the granging interests, whether he belongs to the same political party or not."

UNTRUE TO HER VOWS.

A Toledo Man Shoots His Wife in a Hotel at Wolcottville, Ind., and Then Kills Himself.

LAGRANGE, Ind., Oct. 7.—Wolcottville, this county, was the scene of an attempt at a murder and suicide Saturday night. Mrs. Warren keeps a hotel of more or less unsavory reputation. On Friday she returned from Toledo bringing with her Mrs. Driscoll, who was installed as a dining room girl, and with them came an unknown man.

Saturday night Mr. Driscoll arrived and an attempt to induce his wife to return to their home led to a quarrel, during which, it is alleged, he shot her and then put a ball through his own brain. He will die, but she will recover.

Another version states that Driscoll was shot by a man named Baker, who skipped yesterday. The prosecuting attorney is making his investigation today.

MUST ENDURE PAIN.

Fractures, Lacerations, and Crushed Limbs Come Upon the Unsuspecting.

APPROACHING COMPLETION.

The Handsome New Edifice of the Second Presbyterian Church.

The new church edifice of the Second Presbyterian congregation is rapidly approaching completion and will be so far finished that services can be held in the chapel some time next month. The main or audience room will not be completed until after the congregation are worshiping in the chapel, but the work on it will be pushed as rapidly as possible.

The structure will be one of the handsomest in the city. It stands on the site of the old frame structure where Rev. Charles Beecher, one of its earliest pastors, preached and in which the voice of that greatest of pulpit orators, Rev. Henry Ward Beecher, has often been heard.

It is built of stone, the style ornate, and has two handsome spires and beautifully carved friezes and capitals. The plan of the church provides for a magnificent auditorium with inclined floor and seats for 600 people and abundant room in the rear for rooms for the Sunday schools, social gatherings, kitchens, etc. In the principal tower the pastor will have a pleasant study. The church will cost about $30,000.

A SUNDAY DRUNK.

Mayor Harding Says It Will Cost a Man or Woman Five Dollars, and Costs.

There was quite an aggregation of bleary-eyed, insipid, unshaven mortals at police court this morning. When Mayor Harding was told that the majority of the number were arrested for imbibing too freely from the flowing bowl on Sunday, he surveyed the crowd with a look of disgust and said he could not understand it.

"Do you know," said he to THE SENTINEL reporter, "that I made a detour of a large number of saloons yesterday to satisfy myself as to the Sunday observance; and I failed in every instance to discover a single place open. The officers failed also to discover any open saloons. This thing must be worked mighty quiet."

The mayor also said that every case of Sunday intoxication would hereafter cost $5 and costs.

The roll of honor was then called up against the following persons:

Enoch Joslyn, drunk; arrested by Officer Harkenrider, on Maiden Lane, on Sunday—jail.

John Welch, a workman on a Nickel Plate gravel train, Sunday drunk; arrested by Harkenrider—jail.

Thomas Howard, arrested by Harkenrider, another Sunday victim—jail.

William Franz and another for fast driving, on Saturday night, arrested by Kramer and Richter; fined $1 and costs—paid.

Marion Davisou, arrested by Patton, for drunkenness, Sunday, paid his fine.

Joseph McGeehan was at Ryan's barn raising a disturbance and was arrested by Limecoolley Saturday night. Joseph's face was a sorry spectacle. He went to the jail hospital and will spend his time in getting well.

James Kelly was drunk on Sunday, and was arrested by Patton. He went to jail.

J. F. Godfrey was arrested in the street car barn by Kramer and Richter. Godfrey is a thoroughbred and has the pure, unadulterated Pawnee Indian blood coursing through his veins. The firewater "did" him, however, and he will sober up at the county jail.

SUBSTANTIAL AND COSTLY.

A Few Facts Gathered Concerning the Handsome New Columbia Street Bridge.

The filling in of the extensions of Columbia and Clay streets is about two-thirds done. The west abutment of the new bridge will probably be completed this week and the east abutment the week following. Before the 1st of November, if the weather remains favorable the abutments will be ready for the bridge proper, which the contractors promise to finish within sixty days from the commencement of their work. By New Years day the county commissioners hope to open the new bridge for travel. It will be the finest and most expensive in the county and is expected to last seventy-five or eighty years. The abutments are being constructed in so durable a manner that they will stand at least 500 years, if properly cared for.

MONDAY, OCT. 7, 1889.

THE Mormons are determined to stand by their faith.

MONTANA is all right. The democrats have the governor and the legislature.

THE elections in France yesterday sounded General Boulanger's death knell.

THE tri-ennial conclave of the Knights Templar will be the event at Washington this week.

SIR JULIAN PAUNCEFOTE, the British minister to the United States, is on his way back to this country.

MR. GEORGE BANCROFT, the historian, celebrated his eighty-ninth birthday at New Port, Rhode Island, last Thursday.

NEW YORK may take the championship in the base ball arena, but she can't get the world's fair. It is coming west and Chicago is going to get it.

THE last number of the *Business Men's Guide*, issued by Mr. Clarence G. Smith, of the Newspaper Union, contained a large amount of local news and was a credit to its publisher.

THE telegrams to-day place the victory for the democrats in Montana beyond the shadow of a question. Toole, democrat, is elected governor and the democrats have a majority of seven in the legislature.

MR. JAMES E. CAMPBELL, the democratic candidate for governor of Ohio, and Murat Halstead, the editor of the Cincinnati *Commercial Gazette*, are having a bitter personal war. Mr. Campbell is unearthing some frauds in Ohio politics that is stirring up the natives.

ATTORNEY GENERAL MILLER is amused at the stories the newspapers tell about him in connection with the vacancy on the United States supreme bench. Mr. Miller used to express a similar feeling concerning the newspaper talk regarding his appointment as attorney general.

THE European grain crops have not turned out satisfactorily this year, and the United States will be looked to to make up the deficiency. This is confirmed by reports from the international grain market at Vienna, which meets every year for the purpose of furnishing reliable and disinterested reports of grain crops of the year. The average wheat crop of Europe annually from 1881 to 1886 is 1,211,072,192 bushels. In 1888 the crop amounted to 1,230,370,925 bushels. This year is estimated to be about 15 per cent. less. The average in wheat for all Europe is 81 this year, compared to 93 in 1888 and 110 in 1887.

THE Veterans' Association of Ministers of the Genesee Methodist conference, composed of about fifty persons, held its annual meeting at Lockport, New York, last week, and adopted the following resolution:

Resolved, That we have heard with sincere regret of the resignation as commissioner of pensions of Corporal James Tanner, forced from him by the influence of politicians, and that we deprecate the subordination of the pension department to political wire-pullers, so that it can not be administered by a man who, like Corporal Tanner, has the true interest of the soldier at heart; and we call upon the president of the United States to place the granting of pensions in the hands of those who will administer it in the interests of the country and to bestow upon Corporal Tanner such recognition as befits a man who in every position has shown himself a true friend of the soldier.

THE conversion and baptism of the Ethiopian eunuch by Philip, as narrated in Acts, furnished the theme of the sermon preached yesterday morning at the Second Presbyterian church services by the pastor, Rev. J. L. Leeper. The discourse was an able and eloquent one and from the biblical incident the speaker drew the lessons he sought to teach, the methods to be used for the conviction and the conversion of those who do not believe in Christ. Incidentally he alluded to baptism and spoke briefly upon it. The form of baptism, he said, is of no consequence. It may be by sprinkling or immersion. Either is effective. The essential feature is the belief that Jesus Christ is the son of God and the baptism of the Holy Ghost, and with whatever form this may be accompanied it is a redeeming and a saving ordinance.

MANY of the religious denominations of the country often wonder how the Methodist Episcopal church stands up under its itinerary with regard to pastors. The change comes, however, and except in isolated cases nothing is thought of it. Milwaukee has a revolt on its hands at present. At the recent conference Bishop Newman removed Rev. E. G. Updike, the pastor of the Summerfield charge, and appointed another minister to it. The official board and the five societies within the church unanimously petitioned for Mr. Updike's return, but all to no purpose. The church refuses to allow the new pastor to take hold, and have concluded, unless its wishes are respected, to retire from the conference entirely and establish an independent church. Mr. Updike is willing to obey the bishop, but is being prevailed upon to lead the new branch, and the effort may be successful.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

A correspondent at Latty says: "On Saturday night, September 21, William Murphy, aged about twenty years, whose home is in New York City, was cut in a horrible manner by Michael Whalen, of Fostoria. Both were working on the Nickel Plate railroad at that place with a large gang of men who were raising the track. During the evening all got drunk and Whalen and one of the other men became involved in a quarrel and finally a fight. Murphy was in bed at the time and got up to part them when Whalen stabbed him three times—once between the ribs on the right side and twice in the abdomen. Whalen ran out, boarded a freight train and escaped. The young man was taken to Fort Wayne for surgical aid but it is thought he can not recover." The young man is under the care of Dr. J. M. Dinnen, of the St. Joe hospital and he will recover.

Shall Women be Allowed to Vote?

The question of female suffrage has agitated the tongues and pens of reformers for many years, and good arguments have been adduced for and against it. Many of the softer sex could vote intelligently, and many would vote as their husbands did, and give no thought to the merits of a political issue. They would all vote for Dr. Pierce's Favorite Prescription, for they know it is a boon to their sex. It is unequaled for the cure of leucorrhœa, abnormal discharges, morning sickness, and the countless ills to which women are subject. It is the only remedy for woman's peculiar weaknesses and ailments, sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be refunded. See guarantee on wrapper around bottle.

Remember that impertinence isn't wit any more than insolence is brilliancy.

George B. French, esq., of Nashua, N. H., in an argument before the New Hampshire legislature July 16, 1869, uses the following words: "When the common people can not find Pond's Extract, which they run for in distress, on sale at some convenient place, just as they have done, there will be a howl go up that the regular school can not cure with their instruments or thorough courses. When a man has a raging pain in his tooth, joints, or face, when he is tied into a double bow-knot with a cramp in his stomach, he can not stop to go to a physician five miles off and take a thorough course. He is going to have something in his medicine closet that he can get at without any written prescription, with a good seal on it."

He who waits to do a great good at once will seldom do anything at all.

SWIFT'S SPECIFIC has cured me of a sufficient breaking out on my face, which caused intolerable pain. It was pronounced Eczema by the doctors—four of whom treated me with no relief. I can truly say I feel that I owe my present good health to S. S. S., which in my estimation is invaluable as a blood remedy.

MONDAY, OCT. 7, 1889.

THE BUSY WORLD.

Monday Dawns With a Dull Budget of News From the Railroads and Manufactories.

The Bass works pay their employes next Thursday.

The railroad depots were dull places for news this morning.

The Kerr Murray works is placing a gas plant at Grand Forks, Dak.

The Natural Gas company is pushing its work in various parts of the city.

The manufactories of the city are shaping their affairs for the winter season.

The Bass works sent four car loads of car wheels to the Nickel Plate shops at Stony Island last Saturday.

Ed Deagen, of the Wabash blacksmith shops, has a kind of a menagerie. He is the owner of five dogs and thirteen cats.

R. Swab, a Pittsburg brakeman, fell from his train at Arcola Saturday and was quite badly injured. He was brought to this city.

Mart Rowen, a Pittsburg brakeman, had his arm badly crushed Saturday night while making a coupling. Surgeon George Stemen attended him.

Master Car Builder James A. Graham, of the Pittsburg shops, can give employment to a number of good men in the lumber yards of the company at this point.

Al Miller, of the Bass works, observed his twentieth birthday yesterday and the occasion proved a pleasant one to his friends whom he invited to his home and entertained in a magnificent way.

The pay-rolls of the Pennsylvania lines west of Pittsburg show that $1,600,000 is disbursed monthly by the paymasters of the North and South western systems. The amount to each system is about the same.

The New York Central now has in service ten new engines, which are scheduled to pull fifteen passenger cars forty miles an hour. These engines have 20x24-inch cylinders and five feet nine-inch driving wheels.

The Lake Shore railway, besides building a handsome new depot on the North side will greatly enlarge and improve their freight depot and will put down new sidetracks. Fort Wayne is one of the very best stations for freight and passenger business on the Lake Shore system.

The *Railroad Gazette*, in its last issue publishes cuts of the ten-thousandth engine turned out at the Baldwin locomotive works. Very appropriately, it is one of the heaviest consolidated engines, weighing seventy-five tons without the tender. The weight on the driving wheels is 135,000 pounds.

Forty thousand tons of steel rails have been sold or contracted for by the various railroad companies of the country this week, and there are inquiries for several 5,000 to 10,000 ton lots which will be booked next week, at $29 in cast, to $32.50 in Chicago mills. Most of those inquiries are from western and southwestern buyers and brokers, and makers say that correspondence from those sections indicates a heavy demand during the rest of the year for winter work and spring delivery.

The railroad building of 1889 will be less than it has been since 1885. In 1879 the income of mileage was 4,746 miles. In no year since has it fallen below 6,700 miles except in 1884, when it was 3,225 miles, and 1885, when it was 3,608 miles. The southern states maintain their lead in the proportional amount of new construction. Their proportion is now 45 per cent. The characteristics feature of this year's building is the short lengths by the many companies. The whole new mileage has been built by 103 different companies, giving an average of fourteen miles to each, but one company has built over 100 miles.

THE TEMPLAR CONCLAVE.

Where the Indiana Commanderies Will Stay—Quarters for the Competitive Drill.

The commanderies to the conclave at Washington have selected quarters. The Indiana Grand Commandery will be at the Dunbarton. The various Indiana commanderies have selected quarters as follows: Raper, No. 1, Indianapolis, at the National hotel; Baldwin, No. 2, Shelbyville, in private dwellings; Fort Wayne, No. 4, at No. 1,404 H street; New Albany, No. 5, at Haffner's, No. 919 G street, Lafayette, in cars of Pennsylvania railroad; Knightstown, No. 9, at the Howard house; South Bend, No. 13, at Hood's, No. 313 Third street; Columbus, No. 15, in cars of Pennsylvania railroad; Terre Haute, No. 16, at the Dunbarton, No. 624 Pennsylvania avenue; Vincennes, No. 24, at the Baville, No. 920 Fourteenth street; St. John's, No. 24, Logansport, at the Hillman House, No. 226 North Capital street; Crawfordsville, No. 26, in sleeping cars; Franklin, No. 23, and Plymouth, No. 26, at Janney's, No. 809 E street; Valparaiso, No. 28, at the Hotel Fredonia, H street, between Thirteenth and Fourteenth; Michigan City, No. 30, at Morgan's, No. 933 D street; Elkhart, No. 31, at Wood's, No. 924 Fourteenth street. On Wednesday night there will be a bicycle lantern parade in honor of the visitors. A thousand wheelmen will be in line. At a cabinet meeting it was decided to close all the government departments at 12 o'clock on Tuesday, the day of the Knights Templars' parade.

It Won't Bake Bread.—In other words, Hood's Sarsaparilla will not do impossibilities. Its proprietors tell plainly what it has done, submit proofs from sources of unquestioned reliability, and ask you frankly if you are suffering from any disease or affection caused or promoted by impure blood or low state of the system, to try Hood's Sarsaparilla. The experience of others is sufficient assurance that you will not be disappointed in the result.

Gratitude is the music of the heart when the chords are removed by kindness.

News About Town.

It is the current report about town that Kemp's Balsam for the Throat and and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles are 50c and $1.

Fortunes are made by taking opportunities; character is made by making them.

A Stitch in Time Saves Nine

is true of old coats and mouths. When the former shows the first defect take a "stitch," and always keep the mouth right by using SOZODONT. It costs less for a new coat than a set of teeth. False teeth are not as pleasant as natural ones.

Don't indulge in the luxury of strong opinions in the presence of your elders.

"STOP"—Nature Has a Cure.

Eaton Rapids, Mich.

J. M. Loose Red Clover Co., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I know or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

Henry Marvin.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

CHRISTMAS TREE CANDLES

We have an immense supply and this year at extremely low prices. 35c a Box.

AND IN OUR TEA, COFFEE AND SUGAR DEPARTMENT

Our increase in them is very great since removing to the new place. The high price of Coffee is inducing a good many to try Teas, so there has been no advance in them, in fact Teas are lower now than they have ever been in the history of the trade, a good Tea can now be bought for 20c per pound, this is the same price as a pound of Rio Coffee and it will go twice as far. Our very best Tea is 50c per pound, just the same goods that sold a few years ago at $1.00 per pound. We also have a common Japan Tea as low as 10c per pound, this we sell little of, our best goods are so cheap that most of the trade prefer the best.

Young Hyson Tea 20c lb, choice 30c and 40c lb, best 50c lb.
Gun powder Tea, very choice, 30c lb, best 50c lb.
Oolong or Black Tea, 20c lb, 30c lb, best 50c lb.
Imperial Tea, choice 30c lb, very best 50c lb.
Japan Tea, common 10c lb, choice 30c lb, best 50c lb.

The 25c Japan Tea can not be beat. In fact, it will make as good a draw as the 50c, and few can tell the difference. It is sweet, high flavored and a rich drawing Tea. It is a lot of 50 chests we purchased of a New York house in closing out at half the usual price. No charge for trying it. You will try two pounds in place of one when you once use it.

THE SUGAR MARKET

In consequence of the movements of the sugar trust, sugar has been subject to severe fluctuations and the rises in 32 days was equal to 40 per cent, but in the last 30 days the tendency has been downward, and we have reduced all goods 1c lb. from the highest point we quote now:

Standard Coffee A., 8½c lb. Choice Yellow Extra C., 7½c lb.

COFFEE, RIO AND JAVA.

The same influences that governed the sugar market has also controlled the coffee—viz—a coffee trust—and the price has been advanced and maintained the last year, in the face of a large crop and abundant supplies. The increasing popularity of the lorgnette during the last twelve-month is largely due to the fashion of tight lacing in which the ladies have indulged. To raise the arm to the level of the eye, as one must do in using an opera-glass, is very painful, and attended with the danger as well, if a lady is laced to the furthest extreme and wears a dress much tighter fitting than the skin. But the long handle of the lorgnette enables her to use it with very little motion of the arm; hence it supersedes the opera-glass at theatres.
